

“When I Look at a Landscape Feature, I have an Idea of How Long it Took to Form”

What are the Possible Time Scales?

| |
|------------------------------------|
| Seconds |
| Minutes |
| Hours |
| Days |
| Weeks |
| Months |
| Years |
| 10s of Years |
| 100s of Years |
| 1000s of Years |
| 10s of 1000s of Years |
| 100s of 1000s of Years |
| Millions |
| 10s of Millions (or longer) |

These are the possibilities available to assign to given examples.

Do any of these seem less likely answers than others? It's worth asking ourselves why.
