Lesson two: UK Drought 2010 – 2012 - How did the 2010-2012 drought end?

The Drought Risk and You research team have asked you to conduct further inquiry into the 2010 -2012 droughts. They would like you to conduct interviews as they have done to hear about people's experiences of it.

Think carefully about who you could speak to and what questions you would ask. Think of at least 5 questions to ask and record the answers.
