

Shelterbox contents

We deliver the essentials people need to begin rebuilding their lives in the aftermath of a disaster. When we send boxes, each one is tailored to a disaster but typically contains a disaster relief tent for a family, thermal blankets and groundsheets, water storage and purification equipment, solar lamps, cooking utensils, a basic tool kit, mosquito nets and children's activity pack.

For colder countries, we can deliver winterised boxes that include more blankets and groundsheets and a thermal liner that fits between the inner and outer layers of the tent retaining more heat.
