Sponsors for 2023

Stand no.

AQA 26-27

AQA is the UK's largest GCSE and A-level exam board; we set and mark over half of all GCSEs and A-levels taken in the UK every year. Our UK qualifications are highly valued by employers and universities around the world. They are taught mainly in schools and colleges and include GCSEs, AS and A-levels, the Extended Project Qualification, Tech-levels and Technical Awards. We also offer Unit Award Scheme which allows learners to have their achievements recognised through unitised certificates covering Geography.

Eduqas –WJEC 36-37

Eduqas are one the largest providers of qualifications for schools, academies, sixth form and further education colleges across England, offering valued qualifications to suit a range of abilities. Each and every one of our qualifications is carefully designed to stimulate students and to equip them for the next stage of their lives.

Esri UK 56

Developed by Esri, ArcGIS Online is a complete, cloud-based mapping platform that makes teaching with GIS easy. There is no install, you just need a browser to get started. ArcGIS Online works on PCs, Macs, and mobile devices. Visit their stand to find out more.

Hodder Education 43-44

Hodder Education produces high-quality Geography resources to support teachers and students from KS1 through to A-level, including Progress in Geography: Key Stage 3 which was highly commended in the 2019 GA Publishers' Awards, and KS1/KS2 resources from Rising Stars which provide a high-quality Primary Geography curriculum for the whole school.

NST 31

NST is one of the UK's leading school trips and educational travel companies. We create expertly planned, tailor-made geography tours to destinations worldwide – enabling pupils to discover and learn from some of the most fascinating geographical sites on the planet. NST Field Studies Guides are also available to accompany groups.

OCR 40-41

We're a leading UK awarding body, providing a wide range of qualifications to meet the needs of students of all ages and abilities. We offer general and vocational qualifications that equip students with the knowledge and skills they need for their future, helping them achieve their full potential.

Pearson 34-35

Pearson provide a blend of content, curricula, assessment and training to make the teaching and learning of Geography at GCSE and A level more engaging and effective.

GA Strategic Partners Stand no.

Discover the World Education 38-39

As the only tour operator who is a strategic partner of the GA, we provide teachers with educational and enjoyable school trips as well as award winning classroom resources. Join us on our stand to discuss your next school trip and pick up free classroom posters.

Field Studies Council 45

Field Studies Council (FSC) is the only environmental education charity dedicated solely to helping people of all ages to experience the environment at first hand. Fieldwork courses have been developed for those studying A level and GCSE geography for the 2016 specifications. Visit our stand for more information.

Ordnance Survey 48-49

Ordnance Survey, the national mapping agency, provide a number of resources to aid the teaching of geography across the Key Stages. Come to our stand to see Digimap for Schools, our award-winning website, offering seamless current and historical mapping.

Exhibitors for 2023 Stand no.

British Cartographic Society 50

The British Cartographic Society (BCS) is an association of individuals and organisations dedicated to exploring and developing the world of maps. Membership includes mapping companies, publishers, designers, academics, researchers, map curators, individual cartographers, GIS specialists and members of the public with an interest in maps.

Cranedale 32-33

We're giving away a free field trip to celebrate 40 years of the Cranedale Centre! Visit our stand to discuss how a residential field course with tailor-made itineraries could provide your students with a toolbox of fieldwork skills; and pick up a free NEA resource to use back at school!

Empathy Action 59-60

Empathy Action is a UK based charity, whose mission is to actively nurture cultures of empathy and steward compassionate action in schools using powerful immersive and experiential empathy-building programmes.

- BUILDING Empathy: Educational Simulations* and Storytelling.
- INSPIRING Action: Community Action Partnerships

*with a particular focus on poverty, displacement and climate crisis.

ERA 66

The ERA Video Streaming Platform contains over 5000 curriculum-aligned television clips taken from the best BBC TV documentaries and made ready for use in classrooms. Find hundreds of useful playlists to teach primary and secondary geography including our popular natural hazards, climate change and urban environments playlists.

Flooglebinder 23

Flooglebinder was the first UK travel company to become a B Corp back in 2016 and still the only in the Education sector. Their mission is to protect vulnerable habitats, threatened species and diminishing cultures, whilst tackling mental health through epic adventures from one-night residentials in the UK to three-week expeditions in the Amazon.

Geological Society 42

Geosciences will play a key role in delivering clean energy, infrastructure and climate research, and The Geological Society supports those working in these sectors throughout their careers. The Society's education programme champions learning in geoscience through teacher CPD, resources, careers days and competitions for students.

Halsbury Travel 28

Are you looking for a geography trip where your students can escape the classroom and experience geography in action? Then we have a great choice of trips for you! Visit us on stand 28 to pick up some free geography classroom resources and discover more about our inspiring geography tours.

- HubeCo** 57 HubeCo is an Eco-Education platform designed for schools to support their Eco agenda. We strive to educate and inspire committed, long-term lifestyle changes. Eco-Ed comprises of challenges, activities and scholastic material. Schools can track student progress and report on the total impact they have as a school and a community.
- Insight & Perspective** 25 Insight & Perspective is an independent publisher of award-winning learning and teaching resources for Geography, Environmental Science, and Primary Science. Authors include Andy Owen, Richard Genn, and Dr Mandy Hartley. I&P resources have a strong visual approach and design that engages students and supports the learning process.
- Izzy Tours** 52–53 Have an adventure off the beaten track to see the best in Iceland, Italy, Morocco, China – even the Maasai in Kenya or gorillas in Uganda! We're a family-run bespoke tour operator respecting the environment and local communities. Travelling with us also supports our charity, benefitting tens of thousands of young people in Africa.
- Kingswood Learning** 2 Our programmes are tailor made to offer young people brilliant experiences alongside learning opportunities based on curriculum outcomes. Our activity centres for schools make the perfect place for a residential trip.
- Leeson House** 63 Leeson House is a secluded and comfortable residential centre situated near Swanage, Dorset, on the Jurassic Coast World Heritage Site. It is close to many classic geography, geology and biology fieldwork sites and set within 7 acres of inspiring and diverse grounds.
- Lochranza Centre** 58 Lochranza Centre CIC, located on the Isle of Arran, is a field studies and activities centre providing geography, environmental science and biology courses for all ages.
- National Farmers Union** 24 NFU Education are excited to meet geographers who wish to further their learners' knowledge about food and farming as well as gain insight into those who preside over many of Britain's most iconic landscapes. We provide the opportunity to sign up for farmer visits as well as standalone resources.
- Nomadic Tours** 30 Nomadic school tours offers worldwide school trips to China, Costa Rica, Iceland, Morocco, Namibia, Northern India, Rwanda and Tanzania. Our overseas school trips can offer a wealth of experience for the young mind, with the opportunity to experience the culture and landscapes of these great countries first hand.
- Rayburn Tours** 51 With Rayburn Tours, your students will witness spectacular natural wonders, explore the interactions between people, place and environment and understand contemporary geographical challenges. We offer tailor-made geography trips to a wide range of destinations and provide even more support with our specialist Field Study Tutors and study resources.
- RGS-IBG** 61–62 We are committed to promoting and reinforcing the relevance and benefits of geography in education. You can find out more about our work with schools on our website. You can browse our catalogue of award-winning resources to enhance geographical learning, which span Key Stages 1–5. Many of these resources are free for you to access, and include podcasts, online lectures, articles, case studies, animations, interactives, posters and more.
- Skern Lodge** 3 Skern Lodge is a residential outdoor education centre based on the North Devon coast, centred within the UNESCO Biosphere Reserve. We provide bespoke GCSE and A level geography fieldwork courses for AQA, Edexcel, OCR and Eduqas, including opportunities for your students to collect quality data for their Independent Investigation NEA.
- SRK** 47 Mining and minerals consulting services to clients such as mining companies and financial institutions. We are global – with over 1600 people across 45 offices in 20 counties – and employ environmental and social scientists, geoscientists and engineers.
- Time for Geography** 29 Time for Geography brings together a unique community of geographers, filmmakers and educators, with experience from across the spectrum of geography. We work together to produce the best possible educational content, supported through partnerships with universities and organisations who share our vision.
- TTS** 55 At TTS we've been supporting learning for more than 35 years. Alongside our sister brand, Consortium, we are the largest supplier of educational resources in the UK. We develop unique, high-quality resources that help raise achievement in schools all over the world. By collaborating with teachers and educational experts from across the globe, we have a range of geography resources that bring the subject to life, helping to motivate and inspire children to learn.
- Tutor2u** 64 tutor2u is the leading support service for students and teachers preparing for A-Level, GCSE, BTEC and IB assessments, mocks and final exams. We specialise in high quality print and electronic resources, live revision sessions, video content, cinema experience revision days, and CPD (both face-to-face and on-demand)
- University of Sheffield** 1 Built Environment at the University of Sheffield encompasses degrees from the Departments of Geography, Landscape Architecture and Urban Studies and Planning. We collaborate to explore how social and environmental issues can impact urban and outdoor spaces, and how to design, plan and manage those spaces to make them inspiring, fair and sustainable.
- Wildgoose education** 46 Wildgoose education specializes in providing educational resources to schools and other educational institutions. We offer a range of products for Key Stage 1 and 2 pupils, including bespoke aerial photography (tailored to a specific school or area), posters and visual resources, as well as fascinating artefacts to help trigger the imagination of children.
- Century Tech** 54 CENTURY is an online teaching and learning tool. Using AI and the latest research in learning science and neuroscience, it creates constantly adapting personalised pathways for students and powerful intervention data for teachers. CENTURY stretches and supports every student – instantly addressing gaps in knowledge, remedying misconceptions and providing resources for teacher-led interventions.
